[XXIII. YEAR.] THE [No. 1144.]

MARYLAND GAZETTE.

THURSDAY, AUGUST 13, 1767.

[*The following Propoſals are inſerted at the Requeſt of the Truſtees of* Philadelphia *College.*]

College of Philadelphia, July 29, 1767.

AT a Meeting of the Truſtees, held the 12th of laſt *May*, it being moved to the Board, that conferring the uſual Degrees in Phyſic, on deſerving Students, would contribute greatly to encourage the *Medical School*, lately inſtituted in this Seminary, promote Emulation among the Students, and tend to put the Practice of Phyſic on a more reſpectable Footing in *America*; the Motion was unanimouſly agreed to, and the following Courſe of Studies and Qualifications, after mature Deliberation, was fixed on and enacted, as requiſite to entitle phyſical Sudents to their different Degrees, *viz.*

For a BACHELOR's DEGREE *in* PHYSIC.

I. It is required that ſuch Students as have not taken a Degree in any College, ſhall, before Admiſſion to a Degree in Phyſic, ſatisfy the Truſtees and Profeſſors of the College, concerning their Knowledge in the *Latin* Tongue, and in ſuch Branches of Mathematics, Natural and Experimental Philoſophy, as ſhall be judged requiſite to a medical Education.

II. Each Student ſhall attend at leaſt One Courſe of Lectures in Anatomy, Materia Medica, Chemiſtry, the Theory and Practice of Phyſic, and One Courſe of Clynical Lectures, and ſhall attend the Practice of the *Pennſylvania Hoſpital* for One Year; and may then be admitted to a public Examination for a Bachelor's Degree in Phyſic; provided that, on a previous private Examination by the Medical Truſtees and Profeſſors, and ſuch other Truſtees and Profeſſors as chuſe to attend, ſuch Students ſhall be judged fit to undergo a public Examination, without attending any more Courſes in the Medical School.

III. It is further required, that each Student, previous to the Bachelor's Degree, ſhall have ſerved a ſufficient Apprenticeſhip to ſome reputable Practitioner in Phyſic, and be able to make it appear that he has a general Knowledge in Pharmacy.

QUALIFICATIONS *for a* DOCTOR's DEGREE *in* PHYSIC.

It is required for this Degree that at leaſt Three Years ſhall have intervened from the Time of taking the Bachelor's Degree, and that the Candidate be full 24 Years of Age, and that he ſhall write, and defend a Theſis, publicly, in College, unleſs he ſhould be beyond Seas, or ſo remote on the Continent of *America*, as not to be able to attend without manifeſt Inconvenience; in which Caſe, on ſending a written Theſis, ſuch as ſhall be approved by the College, the Candidate may receive his Doctor's Degree, but his Theſis ſhall be printed and publiſhed at his own Expence.

This Scheme of a Medical Education is propoſed to be on as extenſive and liberal a Plan, as in the moſt reſpectable *European* Seminaries, and the utmoſt Proviſion is made for rendering a Degree a REAL Mark of Honour, the Reward only of diſtinguiſhed Learning and Abilities. As it is calculated to promote the Benefit of Mankind, by the Improvement of the beneficent *Art of Healing*, and to afford an Opportunity to Students of acquiring a regular medical Education in *America*, it is hoped it will meet with public Encouragement; more eſpecially, as the central Situation of this City, the eſtabliſhed Character of the medical Profeſſors, the Advantages of the College, and of the public Hoſpital, all conſpire to promiſe Succeſs to the Deſign.

For the further Advantage of medical Students, a Courſe of Lectures will be given by the Profeſſor of NATURAL and EXPERIMENTAL PHILOSOPHY, each Winter, in the College, where there is an elegant and complete Apparatus provided for that Purpoſe; and where medical Students may have an Opportunity of completing themſelves in the Languages, or any Parts of the Mathematics, at their leiſure Hours.

Agreeable to the foregoing Regulations, the Public is now informed, that on the Firſt Monday in *November* next, the following Courſes of Lectures will be begun by the reſpective Profeſſors, *viz.*

A complete Courſe of Lectures on ANATOMY; to which will be added all the Operations in SURGERY, and the Mode of applying all the neceſſary Bandages, &c.

A Courſe of Lectures on the Theory and Practice of MEDICINE; which will be preceded by a general Explanation of the Theory of CHEMISTRY, accompanied with ſome neceſſary Operations, to render a Knowledge of this Science eaſy and familiar to the inquiſitive Student.

A Courſe of CLYNICAL LECTURES to be delivered in the *Pennſylvania Hoſpital*, wherein the Treatment of both ACUTE and CHRONIC DISEASES will be exemplified, in the Caſes of a great Number of Patients.

Each Courſe of Lectures will be finiſhed by the Beginning of *May*, in Time for thoſe who intend to offer as Candidates for a Degree in Phyſic, to prepare themſelves for the Examination before the Commencement of the enſuing Year.

Such Gentlemen as incline to attend the above Courſes, are deſired to apply ſome Days before the Lectures begin, to furniſh themſelves with the neceſſary Tickets of Admiſſion.

FLORENCE, *April* 25.

ACCORDING to the laſt Letters from Rome, the Pope, on the Repreſentation made to him by his Catholic Majeſty's Miniſter, hath at length permitted that the Jeſuits driven from Spain may come and ſettle in the Eccleſiaſtical State. The Spaniſh Ships debark theſe Religious at the Port of Civita Vecchia.

Warſaw, May 2. When the Deputies of the Two Confederations of Diſſidents had finiſhed their Speeches, at the Audience granted by the King, on the 28th ult. the Count Zamoriſki, Grand Chancellor of the Crown, replied to thoſe of the Firſt Deputation, and Prince Czartoryſki, Grand Chancellor of Lithuania, to thoſe of the Second. This Reply was conciſe, importing, that his Majeſty could not reſolve any Thing relative to the Objects in Queſtion, without the States being aſſembled; that he would take Care to propoſe them at the approaching Dyet, and that, on his Part, he would do every Thing in the Affair he poſſibly could.

Copenhagen, May 1. Yeſterday their Majeſties received the Sacrament, and this Day they were crowned by the Biſhop of Seelande, in the Chapel of the Caſtle. This Solemnity was performed with great Pomp and Decorum, and the Nobility who attended it were numerous. We hear that the King made choice of the following Motto, *Gloria ex Amore Patriæ*, My Glory is in the Love of my Country.

Copenhagen, May 11. In the Night of the 4th Inſtant, a Brewery in this City was burnt down; and on the 7th a ſecond Fire deſtroyed the King's Brewery, and the Magazine of Wood belonging to the Queen Dowager Julia-Maria. The Damage done by theſe Two Accidents is valued at a Ton of Gold.

Berlin, May 12. The King hath honoured the Princeſs of Pruſſia with a Viſit, to congratulate her on her happy Delivery, and made her a Preſent of a Breakfaſting-Service made of Gold.

From the HAERLEM COURANT.

Paris, May 14. His Catholic Majeſty is ſaid to have intimated to the Pope his Procedure againſt the Jeſuits, only by the following laconick Letter:

"Holy Father: All my Tribunals having judged that the Fathers Jeſuits are of no Good to my Kingdoms, I could do no leſs than conform to their Repreſentations. Of this, as a Son of the Holy Church, I acquaint its Supreme Head. I recommend your Holineſs to the Divine keeping."

Francfort, May 15. There were Three Shocks of an Earthquake at Rothenbourg, in the Country of Heſſe, on the 12th of April at Night. All the Windows of the Caſtle were broke, and moſt of the Chimneys thrown down. The Landgrave's Family were in the Garden, under Tents, for Three Days.

LONDON, *May* 21.

A Letter from Paris, dated May 10, ſays, "It is no longer a Secret, that the King has been informed by his Catholic Majeſty of his Reaſons for taking the late Steps againſt the Jeſuits. The Marquis d'Oſſun, our Miniſter at the Court of Spain, has written a Letter, which has been read before the King's Council, and confirms the Report of his Catholic Majeſty's having eſcaped Aſſaſſination, by retiring from Madrid, on Account of the Diſturbances, Three Days before the helliſh Project was to have taken Place."

It is ſaid, as ſoon as the Reviews are over, the Hereditary Prince of Brunſwick will, for the Remainder of the Summer, viſit moſt of the capital Towns in England, Sea Ports, &c.

Some very diſagreeable Advices are ſaid to have been received from the Eaſt-Indies.

A Petition, of a very extraordinary Nature, is ſaid to have been received from one of our Colonies.

According to Letters from Leghorn, the Coaſts of Sardinia are at preſent much infeſted by the Algerine Corſairs, which had occaſioned an Order of the Court of Turin, for ſome armed Veſſels to be fitted out at Cagliari, to cruize againſt theſe Barbarians.

Some Letters from the above Place ſay, that all the Ports in the Iſle of Sardinia are ordered to be ſhut againſt the Jeſuits.

An Account is ſaid to have been received this Week of the Pregnancy of her Daniſh Majeſty.

The Senate of Venice have been informed by their Conſul at Algier, that he has concluded a Truce with the Dey for 4 Months, in order, if poſſible, to conclude a formal Peace before the Expiration of that Term; but the Conditions which the Dey requires are ſo diſadvantageous to the Republic, that there is no Likelihood of their being accepted. He demands, 1ſt, that the like Preſents be ſent to him, as were given to his Predeceſſor when the Peace was concluded, and which conſiſted of the Sum of 50,000 Zequins, a Saddle laced with Gold, and enriched with Jewels, and a great Quantity of very rich Stuffs. 2dly, he demands, That inſtead of 10,000 Zequins, which the Republic had engaged to pay annually, they pay him for the future 12,000. 3dly, That they ſend him, without delay, all the Preſents which he demanded of the Republic, at the Time of his Advancement to the Dignity with which he is inveſted. And, 4thly and laſtly, he makes the following very extraordinary Demand, viz. That his Corſairs may have the Liberty of cruizing in the Gulph of Venice, to purſue there, and attack the Ships of thoſe Nations with whom he has no Treaty; and that if any of thoſe Corſairs ſhould happen to be taken, the Republic ſhall be obliged to repair the Loſs in ready Money.

M. Mello, the Portugueſe Miniſter here, has received a circumſtantial Account of the Plot, laid by the Jeſuits, to aſſaſſinate his Moſt Catholic Majeſty; which horrid Proceeding, joined with their other bad Behaviour of forging Bulls, &c. was, beyond all Doubt, the certain Cauſe of the late total and eternal Expulſion of thoſe Fathers from Spain.

It is ſaid, that his Moſt Chriſtian Majeſty has, by his Ambaſſador at Rome, demanded of his Holineſs to iſſue a Bull, or Ordonnance, aboliſhing for ever the Society of Jeſus, and the very Name of Jeſuits.

The Hague Gazette, brought by this Day's Mail, contains the following Article, dated Paris, May 11.

"The Day before Yeſterday the Parliament, all the Chambers aſſembled, made an Arret, in conſequence of the Opinion of the King's Council, which declares the Society of Jeſuits an Enemy to Sovereigns, and to the public Tranquility of States. In conſequence whereof, that Supreme Court orders thoſe among them, who on the 6th of Auguſt 1761, were Members of the ſaid Society, and who, taking the Benefit of the Indulgence granted them by the Edict of November 1764, have remained in the Kingdom, to depart from hence at the Expiration of 15 Days, including that of the Publication of the preſent Arret, under Pain of Criminal Proſecution, except thoſe who have taken the Oath preſcribed by this Tribunal. By the ſame Arret, all thoſe who are thus to quit the States of the Kingdom, are forbidden to return hither under any Pretence whatever. Governors of Provinces, Bailiffs, and other Judges, are ordered not to ſuffer any Jeſuits within their Diſtricts. His Majeſty's Subjects of every Rank and Condition, are forbidden to afford an Aſylum to the Jeſuits, or keep up the leaſt Correſpondence with them, or to receive from the Society Letters of Fraternity. Archbiſhops and Biſhops, and all Heads or Communities, of Schools, and other Eſtabliſhments, are enjoined not to employ any of that Society for the Inſtruction of Youth. Moreover his Majeſty will be implored to uſe his good Offices with the Pope and other Catholic Princes, to engage them to aboliſh a Society ſo dangerous to Chriſtianity and Sovereign Powers. Laſtly, his Majeſty will be equally implored to make the Tenor of this Arret a fundamental Law of the State."

They write from Peterſburgh, that her Imperial Majeſty had juſt aſſigned a large Tract of Land in North Ruſſia, to ſuch Polanders who chuſe to ſeek an Aſylum in her Dominions, where great Numbers had lately arrived, and were to enjoy an Exemption of Taxes for Ten Years.

May 26. We are informed that the rapid Increaſe of Popery in this Kingdom, which has eſcaped the Notice of ſo many Adminiſtrations, is to be made the Subject of an Enquiry; a Proof that our Miniſters are not inattentive to our Civil and Religious Liberties.

We hear that Orders are ſent to the different Ports, for compleating, with all Expedition, the Men of War ordered for immediate Service.

We hear that great Encouragement will be given to the Culture of Wheat and Rye in this Kingdom.

One of the Morning-Papers ſay, we are informed that the Government hath agreed with a certain Company, to take 400,000 *l. per Annum* for Three Years.

A Species of Smuggling is now carried on from Holland, which, tho' taken little Notice of, greatly affects the Revenue, and our own Linen Manufactures, which is, that of importing great Quantities of ready made Shirts, Shifts, and Sheeting under the Name of Wearing-Apparel. It is computed that 50,000l. Sterling annually of Dutch Hollands are brought over in this Manner.

NEW-YORK, *July* 30.

ELIZABETH-TOWN (New-Jersey) *July* 28.

This Town was last Night alarmed by a Riot, committed by several of the Officers of the 28th Regiment (late from Montreal) the Particulars of which are as follow, viz.

The Officers being under Arms to march with the Troops quartered here, by 4 o'Clock this Morning, to join their Regiment at Amboy, in order to embark for Europe, between 12 and 1 o'Clock at Night they assembled in a Body, and marched through several Parts of the Town, with Drums and Fifes. As the Inhabitants had used them so very ungenteel as to make them pay their Debts, which they had generally been obliged to do according to Law, the Officers seemed determined upon Revenge. They first broke a Window in the Meeting-house, afterwards attacked the Court-house and Goal, by breaking the Windows, and endeavouring to break open the Doors, swearing Vengeance against the Goaler, who was Under-sheriff and Constable, and had frequently been obliged to do his Duty upon them. As they attacked the House in this Manner, the Goaler got up, and desired them to desist, which they refused; he then, to deter them, pointed out of the Window a Fusee loaded with small Shot, the End of which was seized, and endeavoured to be wrested from him; upon which he fired among them, and wounded one of the Rioters in both Legs, as afterwards appeared. The Goaler then released the Prisoners for his Assistance, and rung the Bell; the Officers then marched off, but soon returned with a Body of Soldiers, some with their Bayonets fixed. The Inhabitants, by this Time alarmed, began to assemble. The Goaler finding some Assistance had come, opened the Doors for their Reception, when the Officers and some of their Soldiers entered with them, and a Fray ensued, but happily no Lives were lost. The Inhabitants continuing to collect, the Officers thought fit to abscond, and it being by this near the Time of their departing, they joined their Companies, which began their March a little after Four. Some of the Magistrates however assembled, before they left the Town, and demanded the Assistance of the Commanding Officer, Captain Johnson, then present, at the Head of his Men, but were refused. The Colonel, Sir John St. Clair, happily being at Amboy, the Magistrates then proceeded thither, leaving the Soldiers and their Officers on their March behind them; the Magistrates, in Expectation of their arriving soon after at Amboy, applied to the Chief Justice, for his Warrant to apprehend the Rioters; but were surprized to hear that they had deserted their Men upon the Road, and had, in a private Manner, conveyed themselves on board one of the Transports. Upon which the Chief Justice then applied to the Commanding Officer at Amboy, who immediately ordered them on Shore, and being brought before the Chief Justice, and the Magistrates of this Town, it was thought proper, as they were then bound Home, to accept of their humble Submission and Acknowledgment, satisfying the Persons particularly injured, with Submission, which was made in a public humble Manner. The said Rioters, after paying the Damages at 25l. and asking Pardon of the Goal-keeper, were again set at Liberty.

RAN away from the Subscriber, in *August* last, a Negro Lad, named DICK, about 17 Years of Age, 4 Feet 7 or 8 Inches high, well-set, has remarkable red Gums, which he shows much when he speaks or laughs, has a sly cunning Look, which corresponds very well with his Disposition, is very talkative, speaks plain, and, if examined, can tell a very plausible current Tale. He is notorious for running away, having constantly practised it since he was Six Years of Age, in return for which he has received Two *remarkable* Certificates; the first, Stripes, by Whipping; the other, having the Letter D branded on his A-se, which, however, may be now wore out, as he only received a slight Impression. Notwithstanding the Space of Time since his last Elopement, he has never been heard of but once, which was about Six Weeks after, I am therefore inclined to think he is clandestinely detained in some remote Part of this, or the neighbouring Provinces.

Whoever takes up, or secures said Negro, so as I may get him again, shall have, if taken in this, or *Charles* County, Three Pounds; if in any other County in this Province, Five Pounds; if in the Province of *Pennsylvania* or *Virginia*, Ten Pounds; and, if in *Carolina*, Twenty Pounds, and reasonable travelling Charges, if brought home, paid by

SCHEME OF THE *MARYLAND* LIBERTY LOTTERY.

THE Lower Houſe of Aſſembly of *Maryland* have conſtantly and ineffectually hitherto, ſince Seventeen Hundred and Thirty-nine, RESOLVED, That his Lordſhip hath no Right to collect Twelve-pence per Hogſhead on Tobacco exported.

A Conſtitutional Tax on the People to ſupport an Agent of the Appointment of the Lower Houſe, has been greatly deſired, frequently attempted, and as often refuſed by the Upper Houſe.

The Lower Houſe of Aſſembly contend, That the Clerk of the Council his reaſonable Reward, as well as every other Expence neceſſarily attending the Execution of the Powers of Government, ought to be defrayed out of the *Fines, Forfeitures, Amerciaments*, and *other Monies* received by the Government for the Support thereof; and, "That Senti"ment being directly oppoſite to the Opinion the Upper "Houſe had, on mature Conſideration, formed upon the "Subject of the Clerk of the Council's Claim," principally occaſioned the Non-payment of the Public Debt for upwards of Ten Years: The Diſtreſs of Trade for Want of a Circulating Medium, and the extreme Neceſſity of Public Creditors, compelled the Lower Houſe to agree to an Appeal to his Majeſty in Council, on the Subject Matter of Difference, without the Allotment of any Public Money for that Purpoſe, as the only Means to ſettle Diſputes, reſtore Public Credit, and lay a ſure Foundation for the future Eaſe and Good of the Province.

A Subſcription therefore, by RESOLVE of the Lower Houſe, has been Open'd, and Subſcriptions are taken in by every Member, for maintaining an Agent, and ſupporting the Appeal on the Part of the People, as well as obtaining Redreſs of their *other* Grievances; and, by RESOLVE alſo of the Lower Houſe, as an additional Means of raiſing Money for the ſame Purpoſes, the following SCHEME of a LOTTERY, by which to raiſe One Thouſand Pounds Common Money, is ſubmitted to the Public.
